

Símbolos

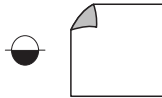

Los símbolos en la papiroflexia son como las palabras en una novela, si no las comprendes de poco va a servirte el libro. Por ello es muy importante que te familiarices con su uso y significado, para que después no tengas problemas al doblar las figuras.

Bases

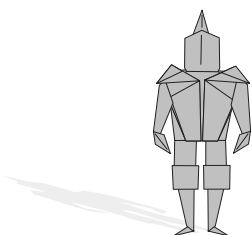

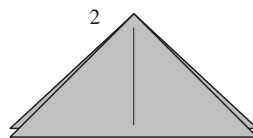

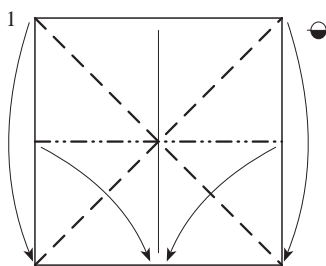

Una base es una figura preliminar en la que, generalmente, ya se puede apreciar la estructura de ángulos y puntas que tendrá el modelo terminado. Existe un infinito número de bases, en estas páginas podrás encontrar las más frecuentes.

Nota: Las figuras son sólo decoración, no se doblan con esas bases.
